-x-x-

ORDER

Orders were issued in G.O.Ms.No.1082, Health dt 18-6-90 re-organising the existing administrative set up of the Medical, Public Health and Family Welfare Department at District level have better co-ordination. Under the re-organised set up as ordered in the above G.O. the Public Health Department will be assigned with 20 Revenue Districts instead of 29 Health Unit Districts and each Revenue District was to be manned by 3 Deputy Directors of Public Health and Preventive Medicine. They were to be designated as Deputy Director of Public Health and Preventive Medicine (Public Health), Deputy Director of Public Health and Preventive Medicine (Primary Health Centres and Immunisation) and Deputy Director of Public Health and Preventive Medicine (Family Welfare and Maternity and Child Health). On the whole 60 Deputy Directors of Public Health and Preventive Medicine were to be given postings. Accordingly appointment, transfer and postings were ordered in G.O.Ms.No.1953, Health dt:14-11-1990 so as to fill up the 60 posts of Deputy Directors of Public Health and Preventive Medicine at District level from the Public Health side.

2. Subsequently Government have examined the question of effecting a rational integration of the various Heads of Departments who are implementing Schemes on the Medical, Public Health and Family Welfare sides with a view to ensure

Co-ordination and effective lines of command and also to optimise the use of resources. In order to achieve the above objectives Government have since issued orders among others in G.O.Ms.No.25, Health, dt: 3-1-1991, that out of the above mentioned three Deputy Directors of Public Health and Preventive Medicine in each district, one Deputy Director will be from the cadre of Medical Service and will be incharge of all the Medical Institutions in the District. The other two Deputy Directors will be from the cadre of Public Health Service and will hereafter have geographic jurisdiction and will be responsible for implementing the total Health and Family Welfare Programmes in the District. Consequent on the orders issued in G.O.Ms.No.1082, Health, dt.18-6-1990 the existing 7 posts of Regional Deputy Directors of Public Health and Preventive Medicine and 29 District Health Officers should be abolished and the existing 20 posts of District Immunisation Officers in the cadre of Deputy Director of Public Health and Preventive Medicine shall be counted against these 40 posts of Deputy Directors of Public Health and Preventive Medicine earmarked for Officers of Tamil Nadu Public Health Service under the Re-organised District set up ordered in G.O.Ms. No.25, Health, dt.3.1.1991. The Director of Public Health and Preventive Medicine has, therefore, now sent fresh proposals for filling up of the 40 posts of Deputy Directors of Public Health and Preventive Medicine under the re-organised District setup by absorbing the existing five Regional Deputy Directors of Public Health and Preventive Medicine (Total 7 posts - 2 posts vacant) and the existing 18 District Immunisation Officers (Total 20 posts - 2 posts vacant) and by promoting 17 Health Officers.

3. After careful consideration the Government accept the above proposal of the Director of Public Health and Preventive Medicine and issue the following orders:-

(i) The existing posts of Regional Deputy Directors of Public Health and Preventive Medicine in the 7 Regions and District Health Officers in the 29 Health Unit Districts shall be abolished from the date of taking charge of the 40 Deputy Directors of Public Health and Preventive Medicine.

(ii) In each Revenue District two Deputy Directors shall be filled up from the cadre of Public Health service and they shall be designated as Deputy Director of Public Health and Preventive Medicine (Health Services).

(iii) The two Deputy Director of Public Health and Preventive Medicine (Health Services) shall be assigned the responsibility of implementing and monitoring the various Primary Health Care, (Primary Health Centre), Public Health Immunisation, Family Welfare and other Health related programmes in the areawise jurisdiction within each District demarcated to them.

(3)

(iv) The concerned District Headquarters of Revenue District shall be the Headquarters for the two Deputy Director of Public Health and Preventive Medicine (Health Services) now posted in each Revenue District though the areawise jurisdiction within each District has been deputed to them.

(v) The Deputy Director of Public Health and Preventive Medicine (Health Services) is also designated as District Health Officer for the purpose of exercising the statutory functions and various Rules and Acts.

(vi) They are placed under the control of Joint Director of Health Services at District Level for the purpose of administration and Control.

(vii) The following transfers and postings are ordered:-

- A. Consequent on the abolition of post of Regional Deputy Director of Public Health and Preventive Medicine, the following existing 5 Regional Deputy Director of Public Health and Preventive Medicine shall be posted as Deputy ~~Director~~ Director of Public Health and Preventive Medicine (Health Services) in the new District Level setup to the places noted against each:-
